Trish:

Yes, my conditions were preliminary based on the pre-app and my site visit. I have confirmed with the planning group and the applicant the trail will be along the eastern, northern and western boundary. The 15-foot trail easement has been shown correctly on the plot plan. So the trail is good to go--no issues. Since the project was just recently submitted to the County, I will wait till Ashley requests final conditions.

Hi Trish,
Maryanne has not provided comments specific to the current rezone and major use permit applications but the following was provided in the major pre-app letter for this project:

[cid:image005.png@01CD5E7D.D9270B30]

The applicant has shown a 15-foot wide trail easement from the northwestern corner of the site to the southeastern corner of the site (see attached plot plan) which appear to meet the requirements set forth in the major preapp letter (#1 above). Can you please let me know if you concur?

Thanks,

Ashley

Importance: High

Hi all... Maryanne is out and we are not able to have representation at this meeting.... Please confirm that the trails have already been resolved which the planning group approved. I believe Maryanne already has provided conditions and had a site visit. Thanks.. Trish
